

Isophorone Diamine (IPDA)

Code: CLHA01

Mol. Formula: C₁₀H₂₂N₂

Molecular weight: 170.295

CAS #: 2855-13-2

Specifications

Property	Value	Test method
Appearance	Clear liquid	visual
Color (APHA)	≤ 15	colorimeter
Isophorone diamine	≥ 99.7%	gas chromatography
Secondary and tertiary amino compounds	≤ 0.15%	gas chromatography
Aminonitrile	≤ 0.15%	gas chromatography
Water content	≤ 0.20%	Karl-Fischer

Packaging

Steel drums loaded with 180 kg steel drum, 850 kg IBC container or according to customer's request and filled with dry nitrogen for sealing.

Storage

The unopened original packaging product can be stably stored for 12 months.

Storage

Store in a dry and well-ventilated warehouse.
